HR professionals turn to Compdata Surveys for comprehensive survey data at an affordable price. Available for eight industries, Compensation Data includes pay and benefits information. Each regional report provides salary data for more than 300 industry-specific and benchmark job titles. Breakouts are available by geography, company size and revenue. You'll even find cross-industry data for benchmark titles. With more than 5,000 organizations participating annually, you're sure to get the quality information you need for less.
